---

Discover a legend in explorer yachts. 126m M/Y Octopus is available for charter for the very first time since her launch in 2003 from the esteemed Lurssen shipyard in Germany. Ice-class and able to cruise the four corners of the globe, Octopus is a true world cruiser, capable of fulfilling your every dream. 12 guests will be accommodated over three decks, including the palatial master suite with its own private elevator and private observation deck, 2 VIP apartments, seven double and three twin staterooms. Guests can cool off in the vast

swimming pool on the bridge deck; the glass floor of which raises to create an enormous entertainment area complete with dancefloor, bar, spa pool and the fire power to cater to every taste; from an authentic tandoori oven to a huge rotisserie BBQ.

In cooler climes guests can spend time in the gym and wellness area, soak up the views in the vast dining lounge with 180-degree panoramic views, enjoy a movie in the cinema or just watch the underwater world go by in the glass-bottomed aquarium.

As for the toys on board... Suffice it to say there aren't many yachts which have their own marina....inside the yacht! No less than seven tenders, two helipads, wave-runners, electric foils, a full dive centre complete with hyperbaric chamber, SUP's, inflatables and kayaks galore and even an ROV, complete the extensive toy selection.

# Key Features
